Dear Dr. tao huang,

I am pleased to inform you that your paper has been accepted for publication in the European Journal of Operational Research.

The PDF file of the final version of your article will be available on ScienceDirect shortly after the corrections to the proofs have been received by Elsevier. I suggest that you read them carefully and check them once more against the original; you are the only one responsible for doing this. Together with the proofs you will receive an order form for reprints.

Your paper from now on is no longer under my control. Please, address queries only to the Journal Manager:
